

PAO TING FU TAKEN BY THE JAPANESE

Allies are Reported to be
Moving From Peking
Southward.

THINK CRISIS IS OVER

Russia Will Act With the
United States in the
Chinese Matter.

MAY BLOCK GERMANY'S PLAN

Washington, Aug. 30.—[Special Telegram]—The state department received the following from Conger, undated: "More Russian, German, French and Italian troops are arriving. The imperial palace was entered Aug. 28 and a military promenade of all nations made through it. Afterwards it was closed and guarded. Prince Ching is expected in a few days."

Allies Moving Southward.
Berlin, Aug. 30.—[Special Telegram]—A dispatch from Tien Tsin says the allies are moving from Peking southward and that the Japanese have occupied Pao Ting Fu.

RUSSIA AND AMERICA AGREE

Accept Proposals for Peace Through
Li Hung Chang.

Washington, Aug. 30.—An international move for peace in China, it is stated on the highest authority here today, has been initiated by the United States.

After an all day session President McKinley and his cabinet have prepared what members of the official family admit to be "a state paper of the highest importance."

Gift of the Note.

The contents of this paper are jealously guarded from the public. Inquiries as to whether it is addressed to any particular power or whether it is intended for all meet only refusals to reply. Nevertheless, facts which have been gleaned indicate that it is a communication to entire Europe and to Japan through the medium of Russia, and that its keynote is peace.

It is added, from the highest source, that this note contains these three propositions on behalf of the United States:

1. Practical withdrawal of American troops from China, or at least from Peking.
2. Acceptance of Li Hung Chang as China's accepted envoy for the negotiation of peace.
3. Selection of a United States peace commissioner to act for this government at an international conference in Peking, the object of which shall be the settlement of the troubles, the pacification of the empire and the award of indemnities.

This note, it is inferred, is a sequel to the double-barreled communication sent to the powers by the United States last week. This, it will be remembered, not only asked whether Li Hung Chang's credentials were acceptable, but also diplomatically sounded each nation as to its future policy in the far East.

Jealousy Among Powers.
Answers to the first question were quickly forthcoming, but although they were not of an encouraging nature, they are regarded here as of secondary importance. The main purpose of this government was to throw light on the future. Failure to obtain this thus far is easily explainable.

Despite the seeming accord on the surface the powers, aside from the United States, are jealous of each other's hand-grabbing propensities. Should any one of them make peace proposals the others would immediately discern sinister motives therein.

Turn to America.
Hence, apparently by common consent, they turn to the United States to blaze the way.

The United States government is willing to accept this great responsibility. Its course in China has been open and above board. It has obtained its chief desire, the rescue of the legation, and was always in the forefront in so doing. Now it stands ready to do its utmost toward the restoration of peace.

It can be easily understood that the main difficulty lies not with China but the greed of the powers, themselves.

Land-Grabbing Policy.

For the last three weeks dispatches from China have teemed with statements of a disquieting nature. For instance: Great Britain's desire to obtain a strong military foothold at Shanghai for the alleged purpose of increasing her influence in the Yang Tse valley.

Russian aggression in northeastern China, her occupation of New Chwang and her predicted intention to annex entire Manchuria.

Japan's hostile moves at Amoy, a district regarded by the mikado as one which should be particularly susceptible to his influence.

Germany is Suspected
French orders to a gunboat, made

public today, to patrol the Yang-Tse Kiang river, presumably to secure information as to the progress of British aggression.

Last but not least, Germany's avowed plans to secure "ample reparation" for the murder of Minister von Ketteler. When it is remembered that Kiao-Chow was the Kaiser's price for the killing of two missionaries diplomatic Washington wonders what he will exact for Baron von Ketteler's life.

Austria, Italy and other nations of lesser importance are not included in any known movement for partition, but if general land-grabbing gets under way they will doubtless reach out for a slice, more or less large.

DISGUSTED PILGRIMS REACH NEW YORK

Christian Endeavor Visitors to London
Make Loud Complaints of Their
Treatment Abroad.

New York, Aug. 30.—[Special Telegram]—Four hundred and twenty disgusted Christian Endeavor pilgrims arrived today on the Aller with all sorts of stories of privation and ill treatment abroad. The majority are stranded here awaiting remittances from home.

Last June they paid from three hundred to five hundred dollars to the agency to take them to London and continent. They sailed on the Trave after the Saale and Bremen burned in Hoboken harbor.

In London they divided into parties and then the trouble began. One of the women said the hotel were horrible, some being improper.

They went hungry many times enroute and when they reached Interlaken an announcement was made that the tour was abandoned owing to the lack of funds, the party could get to Cherbourg as best they could.

Finally they got there, the passages being paid in advance and they got to New York all right.

HOW HE CAME TO STEAL \$300,000

London, Aug. 30.—[Special Cablegram]—Edward Goss, who stole sixty thousand pounds from Puars Bank, last year, today confessed saying the drawer was open and he grabbed the bundle thinking it was but a few pounds. Amazed at the amount he returned all but a small sum. He was remanded for trial.

HER BODY COMES TO THE SURFACE

Corps of Ida Corrigan, Drowned in
Yacht Idler Disaster, Found
Floating in Lake.

Cleveland, O., Aug. 30.—The body of Ida Corrigan, 15 years old, was found floating in the lake today near where she was drowned.

On July 7 the schooner yacht Idler capsized off the part of Cleveland during a heavy squall, and five women and girls and one baby of the families of John and James Corrigan, the wealthy vessel owners, were drowned, though all the members of the crew saved themselves.

Captain James Corrigan has spent thousands of dollars in trying to recover the bodies of his two daughters, Ida, aged 15 years and Jane, 20 years old which did not come to the surface. The body of Jane is still at the bottom of the lake probably pinned down by wreckage. The captain of the Idler is under indictment for manslaughter.

FIRE INSURANCE MEN

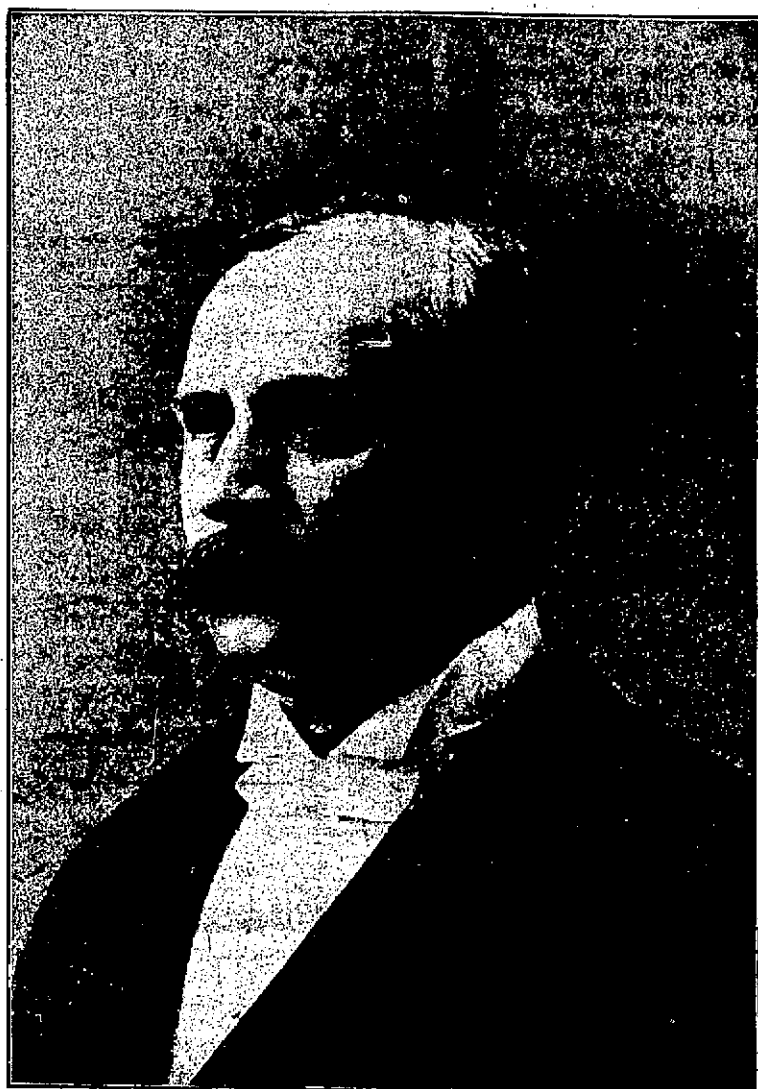

National Association of Agents Gather
at Milwaukee—Against Non-
Resident Brokers.

Milwaukee, Wis., Aug. 30.—The National Association of Local Fire Insurance Agents began its fifth annual convention in this city this morning with a general conference of the presidents of the different state associations, national officers and the executive committee at the headquarters in the Pfister hotel. The regular business coming before the session was discussed at length, but no formal action taken.

The non-resident broker question, which has been agitating the insurance world of late, is likely to be made an issue during the convention. A good deal of feeling is manifested by the local agents already here, and it only needs a leader to start a crusade against this class of brokers.

OGDEN H. FETHERS FOR SUPREME CHANCELLOR

Session at Detroit by a Vote of 88 to 59 Against

Detroit, Mich., Aug. 30.—[Special Telegram]—Ogden H. Fethers was elected supreme chancellor over the present incumbent Sample by a vote of 88 to 59.

M'Coy AND CORBETT READY FOR BATTLE

Both In Good Condition For the Event
In New York Tonight and Both
Feel Confident.

New York, Aug. 30.—[Special Telegram]—An alarming report on the condition of Corbett comes from Bath Beach this afternoon. It says Corbett is suffering from a serious attack of rheumatism in his right thigh which developed suddenly this morning. Corbett is quoted as saying he will remain at Bath Beach till evening to receive constant massages and will fight tonight whether his limb is all right or not.

New York, Aug. 30.—James J. Corbett and "Kid" McCoy, the two premier exponents of scientific fighting, are ready for their battle tonight. Their last stroke of training has been done and each man declares that he was never better fit to don the gloves for an important struggle. McCoy is heavier than ever before, the stories from his training quarters telling of weight which some of his friends fear he will not be able to carry.

While he declares that he was never better, still Corbett tacitly admits that he would prefer to have a couple of more weeks in which to prepare himself for a great struggle.

McCoy arrived in the city this morning. Corbett, who has been conditioning himself at Bath Beach, put a few finishing touches on his training yesterday with a light sparring and bag punching. He will devote today to a good rest and will leave for the scene of battle this afternoon.

In height Corbett has an inch the better of it, while as to reach the two are about evenly matched. Then, again, McCoy hits the harder blow, but Corbett hits oftener and Corbett, in spite of his much greater size, is exceedingly fast. If he fights up to his usual form he will keep out of harm's way and try to jab and hurt McCoy until he has him weakened enough to finish.

The coming fight was the sole topic of conversation in the various sporting resorts today and each of the pugilists seemed to have many warm friends. It was agreed on all sides that the contest ought to be not alone the prettiest ever seen in the ring, but one of the most exciting.

The thing that lends great importance to this battle is the fact that it is to be the last before the Horton law goes into effect at 12 o'clock on the night of August 31. After that the fighters who are wont to hang about New York will have to find another home for their calling.

YAQUIS AGAIN ON WARPATH.

Mexican General Ordered to Wipe Out
the Belligerent Band.

San Francisco, Cal., Aug. 30.—The steamer Curacoa from Guaymas brings news of the activity of the Yaqui Indians in Mexico.

"The Yaqui had another uprising about two weeks ago before we left Guaymas," said a passenger on the Curacoa, "and they were on the war-path when we left. They were on the Yaqui river and came within a few miles of Guaymas. It is understood that an able Mexican general is on his way from Mexico City to take command of the Mexican forces and wipe out the Indians."

BRANDS THE PARTY AS REBEL AT HEART

DEMOCRATIC PLATFORM A SE-
CESSION DECLARATION.

Senator Cushman K. Davis Makes a
Strong Argument for the Re-election
of McKinley—Dolliver and Hender-
son Also Talk at Hamilton Club
Banquet in Chicago Last Night.

Chicago, Aug. 30.—The democratic platform expressly arrays the party on the side of rebellion against the United States.

"Its declaration of principles is simply a declaration of the right of secession and rebellion at mere will and without cause, and this is a heresy we quieted thirty years ago."

"It demands that the United States give the Filipinos a stable government, although it insists that, in accordance with the Declaration of Independence, we have no right to dictate or control other people without their consent."

Senator Davis' Charges

With these and with other terse and sharp statements Senator Cushman K. Davis of Minnesota, chairman of the foreign relations committee in the United States senate, speaking for the administration, flung the charge of internal contradiction and of distortion of the principles of the Declaration of Independence in the face of the democratic party at last night's banquet of the Hamilton club at the Auditorium.

The senator's speech, the main one in a brilliant program, was a long and exhaustive discussion of the underlying principles of republicanism and democracy in the year 1900.

Features of the Evening

The features of the evening, aside from the large audience and the enthusiasm manifested, were the speeches of Speaker Henderson and Senator J. P. Dolliver of Iowa. Speaker Henderson declared that, while he was supposed to take President McKinley's place at the banquet, it was impossible for him to do so, as no one could take the president's place anywhere. The American people would not stand for a substitution, and would so declare by their ballots next November. Senator Dolliver, new in the honors of membership in the Upper House, took as his topic "National Prosperity."

BLACK DIPHTHERIA RAGING.

Entire Street in Camden, N. J., Teems
With the Disease.

Camden, N. J., Aug. 30.—An entire street teeming with black diphtheria in its worst form was discovered here today. That the whole community is not affected is due only to good fortune. Silver street in this city is two blocks long and contains forty-nine houses. The houses are as thickly populated with colored families as an ant hill, and when the board of health officers went to investigate the death of little Nellie Saunders today they found that she had succumbed to black diphtheria and that there was not a house in the street that the scourge had not visited.

SWEDEN COMES TO AMERICA FOR CASH

The United States Has Supplanted
England as the Credit Nation
of the World.

Chicago, Aug. 30.—The latest foreign power to knock at the financial door of the United States is Sweden. Her government is now offering in the financial marts of this country \$10,000,000 worth of government bonds, with a view of procuring money with which to build railroads and other remunerative properties under the control of the government.

Sweden is the fourth foreign government to appeal to this country for a loan inside of one and one half years. While the amount sought is comparatively small, it furnishes another straw which shows that the financial wind is blowing toward the new world. On learning of the matter yesterday one of Chicago's most experienced and conservative bankers said: "The United States has become the credit nation of the world. She is not supplanting England. She has already done so."

The facts are the more significant because it appears that the loan was offered to England and France, and that they were unable to place it. The bonds have therefore been sent to this country, and the matter is being engineered by the National Park Bank of New York.

MAJOR RASSIEUR MADE COMMANDER

St. Louis Veteran is Elected
Chief of the Grand
Army.

CHOICE IS UNANIMOUS

E. C. Milliken of Maine Chosen
Senior Vice and Frank Sea-
mon, Penn., Junior.

SCORE DISLOYAL TEXT BOOKS

Chicago, Aug. 30.—[Special Telegram]—Major Leo. Rassieur of St. Louis, was chosen commander-in-chief of the Grand Army at this morning's session of the veterans. He had no opposition. After the presentation of his name by Major Warner of Kansas City, another Missouri delegate moved to make the election unanimous, which was done amid great cheers.

Other Officers Elected

The other officers were elected as follows:

Senior Vice—E. C. Milliken, Maine.
Junior—Frank Seamons, Knoxville, Tenn.

Surgeon General—John A. Wilkins, Delta, Ohio.

Chaplain-in-Chief—Rev. A. Durham, San Quentin, California.

Committees from W. R. C. and the ladies' G. A. R., were then received and heard.

Relief Corps President

At the meeting of the Women's Relief Corps this morning Mrs. Mary Carr, of Denver was elected president.

Disloyal Southern Text Books.

School histories used in the public schools of the Southern states were denounced by the Grand Army of the Republic. The official declaration was made that the histories have been written with the purpose of perpetuating in the minds of Southern children the sectional prejudice of the days of '61.

Resolutions were adopted calling on the public, in the name of the Grand Army, to banish the books from the schools of the country, and a committee was appointed to carry out the protest. The aid publishers and historical writers will be solicited.

The final report was prepared and presented to the convention by the Rev. Duncan C. Milner, pastor of the Central Presbyterian church, Joliet, Ill. The report charges in detail that Southern school histories were permeated with perverted historical incidents, and ten statements are cited from the text and presented as evidence that Southern educators are attempting to perpetuate sectional prejudice.

Citations to Prove the Charge.

Condensations of these statements, taken from the text and quoted by the committee, are as follows:

The destruction of the confederacy was a calamity.

The policy of the confederacy always was peace; the policy of the federal government was war.

The war made on the southern states was unjustifiable, oppressive and cruel.

President Lincoln's emancipation proclamation was unconstitutional.

The federal army was a band of invaders and marauders.

The federal army contained thousands of European mercenaries.

The continued singing of "Marching Through Georgia" in the north is a blot on American civilization.

The treatment of confederate prisoners was such that their death rate while in northern prisons was four per cent greater than that of the union prisoners in southern prisons.

General Butler at New Orleans secured for himself an immortality of infamy.

The treatment of Jefferson Davis by the Northern troops was a foul blot on American history.

Resolve On a General Crusade.

Besides indorsing the report of the committee the convention adopted the following resolution by which the grand army will seek to institute a general crusade against the text books:

"Resolved, That we call upon the members of the Grand Army of the Republic, together with all patriotic citizens to aid in banishing from our schools all books and teachings of a partisan, sectional, or disloyal character."

RECRUITS FIGHT A SHAM BATTLE
Younger Soldiers Entertain the Veterans
of the G. A. A.

Chicago, Aug. 30.—Chicago regiments of the Illinois National Guard this afternoon showed the civil war veterans the valor of a new generation of soldiers. A sham battle was fought on the "velts" of Washington park. Fifty thousand cartridges were exploded in picturesque but harmless conflict by the First and Second regiments, the "first cavalry and the police guns."

FETHERS WILL BE ELECTED AS CHIEF

JANESVILLE MAN FOR K. OF P. SUPREME CHANCELLOR.

James R. Carnahan Has Been Made Major General Commanding the Uniform Rank—Pythian Sisterhood Supreme Lodge Also in Session—Pythian Army Invades Belle Island.

Detroit, Mich., Aug. 30.—It now appears to be conceded that Vice Supreme Chancellor Ogden H. Fethers of Janesville, Wis., will be elected supreme chancellor, according to previous custom, instead of re-electing Supreme Chancellor Sample.

Twenty-four past grand chiefs of the Rathbone sisters were today admitted to the sessions of the supreme body of the Woman's order, but without the right to vote.

The Pythian Sisterhood Supreme lodge spent most of today's session discussing recommendations made in officers' reports.

Sessions of the supreme lodge K. of P. were resumed and some of the reports of the committees were heard. Supreme Chancellor Sample announced the re-election by the supreme lodge of James R. Carnahan of Indianapolis as major general commanding the Uniformed rank. Gen. Carnahan founded the Uniformed rank more than twenty years ago and has over since been its commander. His salary is \$4,500 a year.

There was great confusion among the spectators during the parade of the Knights of Khorassan last night, the police having made no arrangements for clearing the streets along the line of march and many of the features were lost to the spectators.

Belle Isle was invaded yesterday by the Pythian army in full force. The Knights left their encampment on the East boulevard at 10 o'clock, marched across the long bridge leading to the island park, and to the playground commons on the easterly side of the island, where the biennial inspection and review of the uniform rank was held.

McClure's for September.

The September issue of McClure's Magazine contains, among several articles, the concluding paper of Lieut. Commander James C. Gilmore's "A Prisoner Among Filipinos." The author describes in detail the means by which he dissuaded a Filipino general from executing the entire party, the way in which the illness of a Tagal officer prevented the slaughter of his prisoners, how a Filipino lieutenant on seeing a crucifix disobeyed orders and thereby enabled them to escape being put to death, and how the band was at last rescued by American troops from blood-thirsty armed savages. The narrative reads like a page from Robinson Crusoe. The illustrations by W. R. Leigh are spirited and life like.

These pictures are almost if not quite in the same class with Charles R. Knight's incomparable picture of lions in the same number. The illustrations to "The Training of Lions," are doubtless the best portrait of the king of the brute creation that has ever appeared in print. The article contains some most interesting anecdotes of hair-breadth escapes of trainers from the animals in their charge.

There is also an exceedingly interesting article by ex-Secretary Boutwell on "An Historic Sale of Bonds in England" and one by Ray Stannard Baker describing the newly completed "Deutschland" of the Hamburg-American line, the ship which has recently broken all previous records for speed.

There are also short stories by Frank H. Spearman, Edith Wyatt, Norman Duncan, Clinton Ross Jack London and Josiah Flynt and Francis Walton, ranging in subject from a Rocky mountain construction train and a Klondike cabin to the Syrian quarter in New York and a Spanish-American city in Central America. Miss Wyatt's satirical story of Chicago people, illustrated by an artist sent to the "Windy City" for the purpose, enters a new field in periodical literature. Of course these are only a few of the features of this unusually attractive and varied number.

Review of Reviews.

In the September Review of Reviews will be found a comprehensive treatment of the "imperialism" issue, with particular reference to Mr. Bryan's Indianapolis speech. The editor's review of Mr. Bryan's Philippine proposition will be read with interest, alike by the adherents and opponents of the democratic

candidate's policy. "Can China Be Saved?" is the title of an exhaustive article by Talcott Williams. Major John H. Parker, U. S. V., who is stationed at Tanauna, Bantuanas Province, Luzon, contributes an incisive statement of the actual needs of the Philippine Islands in respect to the maintenance of order, and the establishment of a school system. The subjects of the illustrated character sketches in the September Review of Reviews are King Humbert of Italy, and Collis P. Huntington, the American railroad king. Mr. Edward J. Wheeler describes that unique political organization known as the national prohibition party, and sketches the character and careers of its candidates in the present presidential campaign—Messrs. Woolley and Metcalf.

HIS ARM FRACTURED IN TWO PLACES

Serious Accident to William Morrissey Who Fell From the Grand Stand at the Fair Grounds.

William Morrissey, the young son of Mr. and Mrs. Dennis Morrissey, who resides on Hyatt street, was pushed off the railing of the grand stand at Bostwick's park while watching the races yesterday afternoon and sustained a fracture of both bones of the right arm about four inches above the wrist.

He was sitting on the railing with his feet hanging over on the outside and was much interested in the race and was not prepared to take a tumble. Some larger boys on the inside pushed him and he fell to the ground a distance of eight or ten feet and landed on his arm. The injured boy was laid with pain for a few minutes and hardly realized what had happened. He was lifted into the grand stand and Dr. J. W. St. John, examined the injury and found the bones broken. After reducing the fracture he took the boy in his buggy and carried him to the home of his parents.

Outing for September

The Boer is a mighty hunter, as Mr. A. S. Jennings's story of a Hand-to-Hand Conflict with a Lioness in Outing for September attests. Mr. G. W. Orton, one of the contestants, compares the forces and systems of the various countries represented in his article on American Athletics at the Paris Games. The Sporting Spirit, Ancient and Modern, by Mr. George Hibbard, is a clear statement of the principles that should underlie such victories. In these days when fanaticism is playing so large a part in determining native action in the far east, Mr. Fitzherbert Leathers's story, The Quin Ahtek's Quits, has special significance. So has Caspar Whitney's contribution, The Boats of the Far East; the Chinese river life which he portrays enables one to estimate the isolation of mind of many of the people of that country. Rollin E. Smith's article on The Delusions About Hydrophobia will bring welcome relief to many. Can a Moving Bicycle Fall? is an ingeniously worked out paradox. Frederic Remington tells in a humorously graphic way how a Trout Broke a Friendship, and Carrie Foote Weeks gives the details of My First Land-locked Salmon.

The ever-enlarging army of golfing recruits will welcome the advice which Mr. Harold H. Hilton, the amateur champion of Great Britain, gives on How to Acquire Form in Golf, and farmers will benefit by the object lesson which the result of having game warden conveys.

Practically the end of the racing season enables Mr. W. H. Rowe to give a valuable summary of the Two Year Old Racing in America and the Two Year Olds of 1900, whilst Mr. Robert Wickliffe Woolley is entertainingly reminiscent on Old Kentucky and the Thoroughbred, of which many illustrations are given. Sportsmen of every class will appreciate Mr. D. G. Elliot's discussion on North American Birds and their Popular but Incorrect Names, Mr. Canfield's Sturdy Prairie Chicken, and Where Snipe Abound, by F. A. Patridge.

Adventure is well represented and illustrated in Alpine Accidents, a lesson in possible danger, and in a Camel Hunt in Arizona, and travel in Over Hardsanger Vidda, the barren moorlands of Norway, while In the Shadow of the Pines is a delightfully illustrated study of a nature-lover.

WHOLE FAMILY HAD VERY CLOSE CALL

Household of Mr. A. J. Fuller Taken Sick by Eating What They Supposed to be Mushrooms.

Mr. and Mrs. A. J. Fuller and family, consisting of three children and the hired man had a close call last night from the effects of poison caused by eating what was supposed to be mushrooms. The victims of the supposed mushrooms live on the Seven Oaks dairy farm on the Afton road. For supper last night they had a dish of the supposed to be mushrooms and all ate heartily of the tempting dish. About 9 o'clock last night the poison began to take effect and as all the members of the family were in the same condition they realized that they had been poisoned.

Mr. Fuller started for help and stopped a party passing on the road and informed him of the trouble and a physician was called with all possible haste. When Dr. Frank H. Farnsworth, the physician summoned, reached the house he found them in bad shape, especially the hired man. The six people all sick at one time kept the doctor on the jump but he succeeded in bringing them through the worst of the sickness and no serious results are anticipated.

It is strange that more people are not poisoned by mushrooms, the craze for them is so great that almost any kind of a fungus growth that will push its head above the ground and look at all tempting will be taken for mushrooms and eaten by some person who is willing to take a chance of being poisoned for the sake of getting a mushroom.

Actress Succumbs to the Heat and Her Condition Is Serious.

New York, Aug. 30.—Virginia Harned (Mrs. E. H. Sothern) has been prostrated by the heat, and her condition has caused her husband much uneasiness. She recently arrived from Europe and the contrast from the snows of the Swiss Alps to the tropical humidity of New York made her ill, and a physical collapse followed.

She is cast for the part of Ophelia in "Hamlet," which Mr. Sothern presents next month, but she has been unable to attend any of the rehearsals.

Relatives Vow Vengeance.

Kankakee, Ill., Aug. 30.—More trouble may grow out of the Gilman tragedy. Relatives of Mrs. Charlotte Wright, who died in the Waukegan jail, say they will do their utmost to punish the citizens who set fire to her dwelling and killed her and Meyers. Gilman men indignantly denied that they formed a mob. They say the men who went to the house to arrest Mrs. Wright were regularly deputized. They also claim that the guards who killed Meyers and fatally wounded Mrs. Wright were sworn in by the mayor and the marshal. The coroner's jury returned a verdict at Waukegan last night that Mrs. Wright came to her death at the hands of unknown persons while resisting officers.

Killed Playing "Wild West."

Columbus, O., Aug. 30.—Edward Horn shot Samuel Ingram through the heart and killed him instantly. The boys, who are 14 and 12 years old, respectively, were playing "wild west," and had been chasing each other about a large vacant lot, one armed with a rifle, the other with a revolver. They were using blank cartridges, but a loaded shell became mixed with those Horn had. It was his turn to play "scout." He leveled his rifle at Ingram's breast, and with the report Ingram fell to the ground with a scream. When the physicians reached him he was dead. Horn was frantic with grief. The coroner decided the killing was an accident, and there will be no prosecution.

Cabinet Discusses Situation.

Washington, Aug. 30.—A cabinet meeting was called this morning at 10 o'clock. The meeting was called for the purpose of discussing the Chinese situation, although it is said that no news of a sensational character has been received.

The meeting was devoted entirely to a discussion of the diplomatic phases of the situation in China. No definite conclusion was reached on any point. No statement as to any of the questions discussed was made public. There will be another cabinet meeting this afternoon.

COMMANDER SHAW MAKES AN ADDRESS

EXPLAINS THE SALIENT FEATURES OF HIS REPORT.

The Passage of the Proposed Pension Court of Appeals Bill Would Bring Harmony and Settle All the Vexed Questions Now Before the Pension Office.

Chicago, Aug. 30.—At the business meeting Commander Shaw made his report public. It is in part as follows:

"The question of submitting to a rear assignment for the aged comrades of the Grand Army in the civil pageantry of patriotism in the Dewey parade in New York led to a somewhat earnest protest, and the final refusal to march at all. This action was based upon the belief that the heroes who saved the nation to full union and unchallenged liberty, and so made it possible for the great Admiral Dewey to win the honors of Manila Bay, entitled them to march in glory and in joy at the head of the line in his honor. The loyalty of comrades in refusing to march—under the protest of that splendid comrade and department commander, Joseph W. Kay—was as prudent and timely as it was commendable. Some phases of that unpatriotic occurrence would have been severely dealt with had it not been for a fraternity which overlooked the good-natured weakness of several comrades whose lack of the plainest knowledge and observance of Grand Army regulations and obligations was amusingly displayed.

"According to the report of the adjutant general, the membership on June 30, 1900, was 276,662. The net loss for the year from all causes is 11,319. In this is included 7,790 comrades who have died since our last encampment. Among the number who have died during the year are many who in days past were trusted leaders in our great organization. The most conspicuous names upon the roll of our honored dead are those of Past Commanders in Chief George Sargent Merrill of Massachusetts, who died at Lawrence, Mass., Feb. 17, 1900, and John Patterson Rae of Minnesota, who died at Nicollet Island, Minn., May 25, 1900.

"Your commander in chief believes that the passage of the proposed pension court of appeals bill would bring harmony and settle, once for all, the vexing questions and irritations now so pronounced in the pension office, through its wise provisions for interpreting the pension laws and ability to speedily clear the appeal cases now burdening the files of the department of the interior.

"We are all nearing the final sunset of our lives and our work is mainly done. Let us so live as to inspire our youth with safe ideals of patriotic love of country, and thus secure the culture of a citizenship worthy of our age, and one that will dominate all the future along the loftiest planes of enduring liberty.

"And now, in fraternity, charity and loyalty, with a full heart of gratitude for the honors conferred and friendships formed, and with a deep and abiding affection for our noble order, I wish you every happiness, and may God bless you, every one."

CHEER THE PRESIDENT.

Veterans of Civil War Like Reference to Him as Their Comrade.

Chicago, Aug. 30.—Lincoln and Douglas, Grant and Logan, when mentioned by Mayor Harrison in his address of welcome to the members of

the Grand Army, were cheered heartily by the veterans, but it required the mention of the long line of Grand Army men who have occupied the White House and the prophecy that in all probability a Grand Army man would be the President of the United States four years more to bring forth a response that filled Studebaker theater with cheers such as have been heard before on many a victorious field. The reference to President McKinley as the comrade in arms of the blue-coated veterans was made by Department Commander Joel M. Longenecker, who welcomed the veterans to Illinois. That he made a happy hit was evident. The veterans responded heartily to the warm welcome to Chicago extended by Mayor Harrison, but they threw their hats in the air, cheered and waved flags at the reference to the president.

Ladies of Naval Veterans.

The ladies of the Naval Veterans' association held their annual meeting in room 613 Masonic Temple. There was considerable interest over the election of the captain to succeed Miss Minnie R. Sears of Baltimore. The fight was between the west and the east, Mrs. Samuel Dixon of Detroit, Mich., representing the western element, winning over Miss Duberry of Philadelphia by a close margin. Other officers elected were: Commander—Mrs. Eliza A. Wichter, Jersey City, N. J.; Lieutenant Commander—Mrs. Henrietta Bowers, Philadelphia; Senior Commander—Mrs. Mary Gerry, Minneapolis; Lieutenant—Mrs. Louisa Runge, Minneapolis.

Ex-Prisoners of War.

The seventh annual convention of the Women's National Association of Union Ex-Prisoners of War was held at room 210 Masonic Temple. The election of officers resulted as follows: President—Mrs. Charles F. Sheriff, Allegheny City, Pa.; Vice President—Mrs. Benjamin McCall, Allegheny City, Pa.; Mrs. John Horne, Steubenville, O.; Treasurer—Mrs. Alfred H. Jones, Pittsburg, Pa.; Secretary—Mrs. Alice P. Linhart, Pittsburg; Chaplain—Mrs. Frank Trovella, Pittsburg.

Women's Corps Hold Sessions.

The eighteenth annual convention of the Woman's Relief Corps began its sessions. The enthusiasm and large attendance which has characterized all its meetings again was evidenced by a long line of anxious delegates waiting for the doors of Central Music hall to be opened. The opening exercises over, Mrs. Harriet J. Bodge, the national president, introduced the national officers, and when they had retired Miss Clara Barton was presented and greeted with cheers. In the president's annual report Mrs. Bodge reviewed the work of the year.

Ladies of G. A. R. Reject Sons.

The ladies of the G. A. R. began their annual convention at the auditorium of the Y. M. C. A. building. Mrs. Julia P. Schade, the president, delivered an address. She stated that the net gain in membership during the year has been 6,000, bringing the total to 56,000. The main questions to come before the meeting was on the admission of the Sons of Veterans to honorary membership. After considerable discussion the proposal was rejected by a close vote.

Daughters of Veterans.

Determined to win recognition from the Grand Army of the Republic and to force that organization to accept its society as an auxiliary member of the National alliance, the Daughters of Veterans, U. S. A., met at their eleventh annual convention in the morning at 512 Masonic Temple, and agreed to use active measures to secure the desired affiliation.

Woman Visitor Goes Insane.

Mrs. W. F. Finley, of Portland, Me., who came with the delegation from that state to the encampment, became, it is said, violently insane soon after reaching Chicago. She was unaccompanied by friends and was not a member of any of the Grand Army organizations. Her husband, a prominent citizen of Portland, was notified by telegraph of his wife's condition.

Fatally Wound Back Other.

Albuquerque, N. M., Aug. 30.—A double tragedy is reported from Belen, a village about thirty miles south. David E. Baca made remarks casting reflections upon the character of a woman friend of Melquiades Baca. The men met. Two six-shooters were raised simultaneously. There shots from each weapon rang out, and both the Bacas fell mortally wounded.

Augustus F. Harvey Dies.

St. Louis, Mo., Aug. 30.—Augustus Ford Harvey, associate editor of the Insurance Review and the Chicago Independent, a member of the Loyal Legion and one of the most widely known men in insurance circles in the West, if not in the United States, is dead at his home in Kirkwood, Mo., aged 70 years. He had been ill for a year and a half.

Robbers Loot Postoffice.

St. Joseph, Mich., Aug. 30.—Professional safe blowers cracked the safe in the postoffice last night and secured, it is believed, from \$2,000 to \$5,000. The extent of the loss has not yet been determined. No arrests have been made.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy, and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

Wisconsin Weather Forecast

Fair, continued warmer.

Thirty thousand veterans of the civil war marched in the parade at Chicago Tuesday, and gray hairs detracted nothing from their soldierly appearance. "Old Abe" was one of the features of the parade, and was loudly cheered all along the line.

General Bragg was again honored with an election as president of the Iron Brigade at Chicago. There is nothing too good for the general when the choice is left to the veterans of his famous command.

The Oshkosh council has just let the contract for six blocks of brick pavement at a cost of \$17,000. This will be an improvement that improves, and Oshkosh is wise in ordering it.

The common council proposes to macadamize a number of streets before the snow flies, and the idea meets with general favor. Let the good work go on.

Mr. La Follette will open the state campaign with a speech at Milwaukee early in September, and from that time on, things will move right lively.

By the death of John T. Fish of Milwaukee the bar lost a shining light, and the Badger state a good citizen.

"Beat Bryan and Bossism," however, are the most popular B B Bs.

The battleship Alabama appears to be a second Oregon.

GOVERNOR SCOFIELD'S WISE COUNSEL.

Chicago Times-Herald—Governor Edward Scofield of Wisconsin holds the true American view of the office of the soldier; and he expressed it at the banquet of the Iron Brigade in a felicitous and effective speech which deserves to be widely and most carefully considered. We stand between two factions and extremists who, though violently opposed to each other, are really contributing such influence as they may have to the same end. On the one hand is the passionate jingo who disdains any argument but a whoop and a halloo, or the other is the venomous little American whose pessimistic poison irritates the people and makes them the more inclined to turn to the jingo for exhilaration. There is no doubt that the man with the excess of enthusiasm gains immensely by the contrast.

Moreover, during a period of wars and rumors of war the tendency of his harangues is to inflame the military spirit and to raise up a false military ideal which invites to war for war's sake. Having this in mind the governor, who is a veteran of our greatest war, said:

We cannot too often repeat the truth in this country that the best protection, even in a military way and even in the midst of war, is an intelligent and home-loving people. The most highly trained army—all the authorities to the contrary, notwithstanding—can never

wholly subdue an army of intelligent men fighting for their homes.

This fact becomes more true every year and our nation will do well to heed it. We have had a taste of war recently which has unquestionably awakened the military spirit, and what we have now to guard ourselves against is too great and dangerous growth of this spirit.

The warning, it should be understood, was not meant to imply distrust of the government. We have as yet no army nor any prospect of an army which would depart from the essentially American character of its predecessor. But when extravagant appeals are being made to the fighting side of patriotism, and their effect is being heightened by no less extravagant language of condemnation, and people themselves should recall the clearer vision and the saner judgment of less exciting times. They should remember the superior moral tone that they assumed during twenty five years in commenting on the greed and oppression of the military governments of Europe and renew their loyalty to their original principles. The philosophy of the present situation is summed up most satisfactorily by the governor in the following:

It should never be said of the people of this country that they failed to assume honorable responsibilities even when it involved the sudden creation of a large army, but neither should it ever be told of us that this nation is seeking military glory for its own sake alone. Our path to glory and an honorable future does not lie through bloody battlefields nor bloody seas.

The whole question of the Philippines hinges upon the words "honorable responsibilities." Killing Filipinos can bring no glory under any circumstances. It would be bad enough if our motives were of the best and utterly inexcusable as a measure of vindictiveness. But if our treaty obligations which Mr. Bryan has helped to make are sacred, if our abandonment of the islands would leave them a prey to anarchy and imperil the lives and property of thousands of innocent people, then the idea of responsibility is a serious one indeed, and has very little to do with the vulgar idea of military glory.

Very Old Turtles.

Six turtles, each weighing from 400 to 450 pounds, and said to be about 250 years old, were recently shipped to Walter Rothschild, M. P., for his private zoological garden in London. They were captured in the Albatross Islands, South sea. Mr. Rothschild now owns eighty-four tortoises of various ages and sizes. He has been collecting them for years from all over the globe. En route the tortoises received a whole cabbage a day for food.

CALF'S BRAINS.—As soon as the brains come home throw them into ice-cold water and let stand for an hour. Remove the fine skin and veins that are around them, place in a saucepan, cover with cold water and add one small onion, one teaspoonful of salt, a bay leaf and a couple of cloves. Simmer gently five minutes. Drain and place on the ice. After an hour cut them into several nice pieces, dip in eggs and bread crumbs and fry in boiling fat. Garnish with parsley and green peas.

MAJOR RASSIEUR
MADE COMMANDER

(Continued From Page 1.)

The joint commanders were Col. J. E. Sanborn, Col. James E. Stuart, Col. E. C. Young and Capt. Ford. At 3 o'clock the army, divided into defensive and attacking forces, opened the battle. In "developing" the positions according to Capt. E. A. Hooper's "war map" the attacking cavalry scouts at the south end of the park opened on the defensive pickets. The cannon of the defense then from the bushes near the grand stand responded and the battle began.

According to the "war map," there were three positions in the attack, but there was no victory. Admission to the park was free to the veterans.

A movement was begun for the purpose of having President McKinley inaugurate an investigation of the national pension bureau, and plans were furthered to induce congress to enact the needed pension legislation. A decision was reached to build a memorial to B. F. Stevenson, the founder of the G. A. R.

Mayor Harrison and Ojel M. Longenecker extended the welcome to the visiting veterans and acceptances were made by Gen. Shaw and Past Grand Commander Louis Wagner.

Recommendation was made that Memorial day be changed to Sunday.

Educated Negro Stump Speaker.

Albert M. Thomas, a prominent lawyer and former Republican of Buffalo, N. Y., has been elected a member of a Democratic club and will stump the state for Bryan and Stevenson and the Democratic state ticket. Mr. Thomas is a finely educated negro. He was born in slavery, but at the age of 8 years escaped with his father on a skiff, which carried the two down the Ohio into a free state.

Characteristically Topsy-Turvy.

Labor in China varies in its efficiency according to place and, curiously unlike Europe, seems to vary inversely with the temperatures of the climate. At Tien-Tsin and the northern ports it takes much longer to load and unload cargo than at the ports of the Yang-tse and the husbandry of the soil shows less care in the northern provinces than it does lower down.

THE RACE MEETING AT BOSTWICK PARK

**AN AMERICAN HORSE ENTERED
DID NOT APPEAR.**

Exciting and Interesting Race Between
Two Edgerton Horses Was Won by
Col. Ditson—Best Time 2:17 1-4—
H. D. McKinney Had a Narrow
Escape—Another Meet Soon.

The race meeting at Bostwick's park yesterday afternoon was well attended considering the fact that it had only been advertised a few days. The meeting was run on strictly moral lines no gambling or fakes of any kind being allowed on the grounds. J. H. Jones and Al Smith had the privileges and sold lemonade, popcorn, candy and peanuts. The horses were slow in coming on the track owing to a number of horses that had been entered not putting in an appearance.

The first race on the program between General Howe and a horse owned by H. S. Ames was declared off on account of Ames not putting in an appearance with his horse.

The race between Colonel Ditson owned by C. F. Mabbett of Edgerton and Violet T. owned by Mr. Cohn of Edgerton was one of the prettiest exhibitions of speed seen on this track in many a day. Colonel Ditson took the first heat in 2:17 1-4. In the second heat it looked as if it was all off with Ditson as he was a long distance in the rear when the horses turned into the stretch, by a magnificent burst of speed, Colonel Ditson closed up the gap and a neck and neck finish was the result. The time of the second heat was 2:19 1-4.

The second race was between Bill Skinner, owned by Mr. Huguenin, and Wellington, owned by Samuel Lock and driven by Mr. Tarrant. Wellington has considerable speed, but is a bad breaker, and hard to control. The two heats were taken by Bill Skinner in 2:20 1-4 and 2:20 1-4.

H. D. McKinney drove J. S. Fife's bay gelding, General Howe, an exhibition mile in 2:30. General Howe is a green horse, and has been handled for speed but a short time. A mile in 2:30, considering the condition of the track and the amount of work the horse has had, shows he has the making of a fast horse in him.

H. D. McKinney had a narrow escape from serious injury and came out all right. Just before the first heat as he was turning around at the lower end of the stretch, he turned around in his sulky to speak to a man that was crossing the track. The horse took advantage of him and reared up, the wheels on a bike being very low and up into the horse's heels and before the spectators could realize what was going on, fell over backwards. Fortunately for Mr. McKinney he was able to throw himself away from the falling horse and jumped up unhurt. He ran to the horse's head and held him down until help came. It was a close call and Mr. McKinney can consider himself lucky he was not killed or badly injured.

Another matinee with more horses in the races, will be held in the near future.

ROCK RIVER CLAIMS ANOTHER VICTIM

**LITTLE GUY ROBINSON FALLS
IN AND IS DROWNED.**

He Left Home With His Fish Pole to Go to the Dam Fishing—His Hat and Fish Pole Floating on the Water Reveals the Sad Accident—Body Recovered.

Guy Robinson, nine years, of age, who resided with his uncle, John Allen, of the plumbing firm of Green & Allen, at 1 Fourth avenue was drowned this morning in Rock river at the east end of the dam in the rear of the New Doty Mfg. Co's. works.

The little fellow left home this morning with his fishpole to go to the dam fishing and that was the last seen of him alive by his relatives.

About eleven o'clock Edwin Engstrom was crossing the C. M. & St. P. trestle that spans the river just below the dam and on reaching the east end he noticed a hat and fishpole floating in the water just beyond the end of the fishway that goes over the dam at the east end.

He thought that something might be wrong and that someone had fallen into the river. He went to the office of the Doty Mfg. Co., and had Mayor Victor P. Richardson call up the fire department and have them send up some hooks and ladders.

A large crowd soon collected at the end of the dam and a systematic search was at once commenced by swimmers in the water and men in boats with hooks.

The search was carried on at first under the impression that the person that was in the river had fallen off the railroad trestle. The bottom of the river in that vicinity was thoroughly explored without discovering anyone.

Finally after the search had continued for an hour or more J. J. Cunningham who was standing on the end of the fishway searching the bottom with a rake discovered the body of the boy and brought it to the surface, where willing hands lifted it up to the top of the abutment and carried it to the home of his uncle.

The place where the body was found is at the east end of the dam within a few feet of the shore and at the lower end of the fishway, in about eight feet of water.

The boy's father is a widower, and lives in Gladstone, Michigan. The boy came to this city with Mr. and Mrs. Allen, when they first moved here, and has lived with them ever since. He was looked upon by Mr. and Mrs. Allen as their own child, and his sudden ending falls on them with crushing force.

MAKES MERCHANTS NERVOUS

Over the Fact That Many Cities Have Been Visited by Silk Thieves.

In view of the fact that so many dry goods stores have been robbed in cities of Wisconsin the past month, Janesville merchants are becoming quite nervous and are talking of putting on more watchmen at night. At Madison a store was robbed of \$1,000 worth of silks; at La Crosse \$1,200 was secured and in many other cities equally as much has been stolen.

The thieves generally enter through the rear windows, fill trunks with valuable silks and ship them into Chicago. Illinois, Iowa, Minnesota, and a part of Wisconsin and Michigan have been visited and in only one instance have the thieves been captured, and that on account of the loss of a trunk check.

At present this state is being worked and Janesville is liable to receive a visit at any time. All of the stolen goods are shipped to Chicago and sold to business men of that city for a nominal figure.

The worst storm ever witnessed in the Souris district, passed over the town last night. An immense sink was lifted bodily off the ground and another large building was torn to pieces.

PLAGUE FINDS NEW VICTIMS

Race Horses Fall.

Race horses are like men. When they have become disabled or incapacitated they often fall from their high estate. CHILD IS RUN OVER BY DELIVERY WAGON

Fourteen Months Old Daughter of Mr. W. F. Williams Wanders Away and Is Badly Hurt.

The fourteen months old daughter of Mr. and Mrs. W. F. Williams of 120 North Academy street was run over by a delivery wagon yesterday morning and severely injured. The young man in charge of the wagon did not stop after running the child down but went on faster than before.

In some way the child wandered out of the yard and into the street, the delivery wagon with its careless driver came along and struck the child knocking it down. From the injuries received by the child it is thought that it was trampled on by the horse and not struck by the wagon. An effort was made to stop the wagon but was a failure.

Dr. Frank Farnsworth was called and found the child suffering with a bruised face where it came in contact with the ground and an injured knee. The child was resting easily last evening and no serious results are expected.

ST. MARY'S PICNIC

LARGELY ATTENDED

Mayor Rose of Milwaukee and Other Speakers Expound the Issues of the Day.

The St. Mary's church picnic held at Crystal Springs park today for the benefit of the church fund was largely attended. The steamboats were loaded on every trip and many made the trip to the grounds in buggies and carriages. The members of St. Mary's church will realize a considerable sum from the picnic as well as furnishing an enjoyable afternoon to all present. The principal event on the program was an address by Mayor David S. Rose of Milwaukee, who spoke on the political issues of the day. Mayor Rose was followed by other speakers who discussed the questions before the people from a different standpoint.

The barbecue under the supervision of Con McDonald was a complete success and reminded those present of the barbecues often held in early days. The auction sale by W. T. Dooley, was well patronized and netted a considerable sum. The Imperial band was in attendance and did much to help out the afternoon's pleasure.

SOME FINE HORSES FROM SCOTLAND

Eighteen Blooded Animals Imported by Alex. Galbraith Arrived Here Last Night.

A shipment of eighteen horses from Scotland consigned to Alex. Galbraith arrived in the city last evening. The horses were purchased by Mr. Galbraith during his recent visit to Scotland. They are a fine looking lot and show very few signs of their long voyage. When the horses now being exhibited at the State fairs return home the large barn on East Milwaukee street will be well filled and will have the appearance of old times when the horse business was having a boom. The demand for horses has increased wonderfully in the last two years and good prices can be obtained for a first class animal. Mr. Galbraith expects to make other shipments between now and spring.

GOOD POINTS

Some Good Points to Remember.

One of the many good points of a Telephone is that a message cannot fail to reach its bearer correctly. Another good point is that it reaches all points, and that everybody in the city or country worth doing business with has a telephone. Another good point is the economy of time and money. Another point—Can you afford to be without one, at home or office?

GREAT JAPANESE VICTORY

Over the Boxers Reported from Teh Chou.

1,500 CHINESE ARE KILLED.

Prince Tuan Among the slain—All the Chinese Driven Back Into Chi Li—Li Hung Chang Tries to Get Message to Dowager Empress—Revolutionary Crimes.

Shanghai, Aug. 30.—It is rumored here that the Japanese gained a great victory over the Boxers and Chinese troops last Thursday at Teh Chou (?). The story says that 1,500 Chinese were killed, including Prince Tuan, and that all the Chinese were driven back into Chi Li.

It is reported that Li Hung Chang, finding the allies obdurate, has sent to the Dowager Empress a memorial, to be delivered wherever she is found, asking her to appoint Prince Ching-Lung-Yu, Prince Chang-Chi-Tung, and Viceroy Nukwang-tung peacemakers to treat with the powers.

Twenty-five Reformers Beheaded. It is reported from Hankow that twenty-five reformers have been executed, their heads being exposed.

Belated dispatches and the stories of refugees arriving at Chefoo continue to describe the terrible conditions in Pekin. One of the worst incidents is the shocking desecration of the foreign cemetery outside the west wall. The details are too revolting to be described. Hundreds of bodies of Chinese are found in the streets of Pekin, supposed to be those of traitors to the cause of the Boxers.

The native population of the New Chwang district is being treated with the utmost severity. Eyewitnesses report an indiscriminate slaughter of non-combatants and the reduction of the country in the vicinity of Port Arthur to a state of utter desolation.

America Agrees to Czar's Plans. Washington, D. C., Aug. 30.—Russia and the United States will frustrate the plans of the powers determined to make war upon China, and the negotiations now pending will in all probability preserve the integrity of the Chinese empire. Russia has sent a joint note to all the nations interested in China, urging them to withdraw their troops from Pekin, and that Li Hung Chang be accepted as the representative of China to conduct peace negotiations.

The United States has accepted the proposition, but the acceptance is coupled with some of the conditions laid down in the president's note to the Chinese emperor—namely: That the imperial government restore order in Pekin and guarantee the protection of treaty and international rights.

Duke Declared a Bankrupt. London, Aug. 30.—The duke of Manchester has been adjudicated a bankrupt, entailing his resignation from all his clubs. The petitions to the bankruptcy court included one from the young nobleman himself, whose acceptances are so widely distributed in unknown hands that his friends for some time have strongly urged this radical course.

THE HORRORS OF TIENTSIN.

Stone Walls Surrounded Inferno on Days of Entrance. San Francisco, Aug. 29.—The latest papers by mail from the Orient give accounts of the looting of Tientsin by the allied soldiers. A telegram from Tientsin to the Japan Mail dated July 17 says:

Tientsin, July 17.—The ancient stone walls of the Chinese city of Tientsin

A MEASURE OF MERIT

Janesville Citizens Should Weigh Well This Evidence.

Proof of evidence lies in the merit. Convincing evidence in Janesville is not the testimony of strangers; But the endorsement of Janesville people. That's the kind of proof given here The statement of a Janesville citizen

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says;

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

BOER ARMY RETREATS:

After Wounding Sixty-Four and Killing Fourteen Britons.

London, Aug. 30.—Lord Roberts reports, under date of Belfast, Aug. 28, as follows:

"Buller's advance occupied Machadodorp this afternoon. The enemy made a poor stand and retired northward, followed by Dundonald's mounted troops, who could not proceed beyond Helvetia on account of the difficult nature of the country and the enemy taking up a position too strong to be dislodged by the mounted troops. It appears that Buller's casualties were very few.

"French continued the movement today as far as Elandsfontein, from which he turned the enemy out with no difficulty. The latter retired very rapidly, leaving cooked food behind."

Gen. Buller's casualties Aug. 27 were: Killed, one officer and thirteen men; wounded, seven officers and fifty-seven men.

New York, Aug. 30.—A dispatch to the Tribune from London says: There is much inclination to believe that the operations in which Lord Roberts is now engaged against Gen. Botha are destined to form the final stage of the South African war, from a Pretoria report, cabled, to the effect that the Boers will abandon the contest if beaten on this occasion and that Presidents Kruger and Steyn will then flee to Delagoa bay.

But these rumors have been repeated and proved fallacious frequently enough before and it is impossible to pronounce definitely that the Boer leaders believe the limit of resistance to have been reached. The appearance of Dewet in the Orange Free State and the activity of the Boers on Buller's communications in Natal would rather point the other way. If it had been determined to stake everything on the result of Botha's stand in the eastern Transvaal it would hardly seem worth while to revive the campaign in other quarters.

Americans Buy Russian Line.

London, Aug. 30.—A group of American financiers, according to a dispatch from Moscow to the Daily Express, has acquired the Moscow-Archangel railway. A company has been formed. It is believed the Marmontons, the famous Moscow millionaires, will remain a large interest.

Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of MOTHER'S FRIEND before baby comes, as this scientific liniment prepares the body for the strain upon it, and preserves the symmetry of form. MOTHER'S FRIEND also obviates all the danger of child-birth, and quiets the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.

IS SENTENCED FOR LIFE.

Trial of King Humbert's Slayer
Is Brief.

HE ESCAPES DEATH PENALTY.

Murderer Is Calm During the Trial—He
Is Not Believed to Be Insane—Plan of
the Prosecuting Attorney—Bresci
Makes a Statement.

Milan, Aug. 30.—Bresci, the anarchist who July 29 shot and killed King Humbert of Italy at Monza, while his majesty was returning from a gymnastic exhibition, was tried here, convicted and sentenced to life imprisonment. An immense crowd gathered about the court from early morning, seeking admission to the courtroom, where only a few places were reserved for the ticket-holding public. The hearing began at 9 o'clock. Bresci sat in the dock calm and almost indifferent. His counsel, Sig. Martelli, head of the Milan bar, and the anarchist writer, Sig. Morlino, made requests on various grounds for an adjournment, which were refused.

While the indictment, which was very long, was being read, Bresci was apparently unmoved and scanned the faces of the audience without any signs of fear or effrontery. The indictment showed that the assassin indulged in incessant target practice and that he prepared bullets so as to render them more dangerous. Eleven witnesses for the prosecution and five for the defense were then introduced. The examination of Bresci followed. He declared he decided to kill King Humbert after the events in Milan and Sicily, "to avenge the misery of the people and my own." He added: "I acted without advice or accomplices." The prisoner admitted the target practice and the preparation of bullets. He spoke in a low, firm voice, and said he fired three shots at three yards with his revolver. Two wooden targets were placed on the table before the judges. The public prosecutor made a speech, during the course of which he eulogized the virtues of King Humbert and recapitulated the story of the assassination, which, he contended, demonstrated that Bresci was fully responsible for his acts, and that the latter premeditated the crime and had accomplices. After denouncing the anarchist theories which brought about such fearful crimes, the public prosecutor denied that Bresci had misery as an excuse, also asserting that he was not a man of impulse or a fanatic, but had a calm, cynical and obstinate mind and that his aim was infamous. In conclusion, the public prosecutor asked, for a verdict of guilty without extenuating circumstances.

Death Due to False Teeth.

New York, Aug. 30.—Arthur T. J. Rice of this city was drowned at Brighton beach while in bathing. It is thought the drowning was the result of his false teeth dropping into his throat, strangling him. Rice was the cashier of the National Broadway bank, but retired two years ago.

"Ouch!"

That is about the mildest form of outcry a man makes when rheumatism suddenly twinges him. In its worst forms rheumatism is a living death. The victim, incapable of moving hand or foot, has no part in the great procession of life, on which he gazes with hopeless eyes. A great many sufferers from rheumatism, who had given up hope, have been cured by the use of Dr. Pierce's Golden Medical Discovery. A medicine which will cleanse the blood from uric acid and other poisons, will cure rheumatism. "Golden Medical Discovery" has no equal in its power to cleanse the blood and to enrich it. "Discovery" contains neither alcohol nor narcotics.

"I had been troubled with rheumatism for twelve years," writes Mr. R. J. McKnight, of Cades, Williamsburg County, S. C. "so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips, and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of 'Golden Medical Discovery' and four vials of 'Pelle's', and to-day my health is good after suffering twelve years with rheumatism."

At W. H. ASHCRAFT'S Furniture and Undertaking Store, 56 West Milwaukee street, Janesville, Wis. The sale will continue during the month of September only, and those in need of Furniture will find it to their advantage to look my stock over. I have the largest stock of Furniture in years, and will offer it, at this time, as low or lower than was ever sold.

I have bought a factory's close-out of ROCKERS (like cut) solid oak, finished golden, cobbler seat. I will offer them at \$2.00 each. Here is a bargain you cannot afford to miss if you need a Rocker.

I have a large stock of IRON BEDS of all grades. They have been very high priced during the past year, but in this sale I offer a good Iron Bed, in all sizes, at the extremely low price of

\$2.00 each.

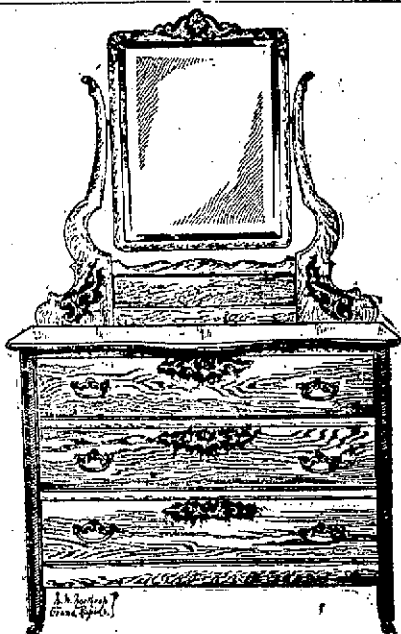

I have a beautiful all BRASS BED at \$15.00.

A nice piece of furniture to go with an Iron Bed is a

DRESSER

Like cut. It is a solid oak, golden finished case, with large bevel French plate mirror. It is a beauty and sells for \$12.00; in this sale,

\$8.50.

I HAVE A FEW

Baby Carriages and Go-Carts

Left, which I will close out at cost. They are all new, and a good variety, but not many left.

I offer all LAWN GOODS at cost to close out to make room for Holiday Goods. I have a few Lawn Seats and Lawn Morris Chairs and Rockers. During this sale I will sell FURNITURE POLISH at same price as March sale—25c per bottle. The best Polish ever made, and if not absolutely satisfactory I will return your money. I guarantee every article sold to give perfect satisfaction and to be just as represented. We take pleasure in showing our goods. Call and see our Furniture; every piece is a bargain.
